Good evening,

I am an uber subscriber and I have found it to be an exponential opening to the convenience that Charleston already provides. It really makes my life downtown far more convenient. Please keep Uber in Charleston.

Many Thanks,  
Harrison

Subject: UBER

Dear PSC,

Uber is a safe, reliable mode of transportation. I have never had an issue on the many Uber rides I have taken. Their cars are generally newer, cleaner, safer and more comfortable than any standard cab I have taken. The driver's picture, and make and model of car shows up on my the app, and I am able to verify who my driver is when they pick me up. I would rather utilize uber than a cab any day. Please allow Uber to remain in business in order to continue to provide a service valued my so many people.

Sincerely,

Ryne Asher

Hi,

I recently moved from San Francisco to Columbia, SC. My wife and I heavily relied on uber back in California and think it is an awesome service that is convenient for the end user and provides jobs to thousands of people in local/state economies. We planned to only own one car here because of the convenience and reliability of uber.

Finding a cab, walking down the street in ANY SC city is not realistic. Have you tried? This action to ban uber only hurts the consumer.

I am extremely disappointed with this week's action by the Public Service Commission. I believe it's very bad policy and bad for South Carolinians. Please undo this damage to the free market principles that make South Carolina a great place to do business.

Thank you,  
Will Johnson

I don't think uber should be discontinued. I have used this service and they are great. Please keep them as a service to downtown charleston. They are more reliable than most of the taxis downtown.
